

40 SERIES

DELTA FLOW MUFFLERS

AGGRESSIVE
EXTERIOR SOUND LEVEL

NOTICEABLE
INTERIOR RESONANCE

Flowmaster's Delta Flow 40 Series two chamber design incorporates Flowmaster's patented Delta Flow technology. The "Delta" deflectors generate increased scavenging for better performance and reduced interior sound. Perfect for vehicles where an aggressive exterior tone is desired with reduced interior tone.

- The quietest muffler option in our 40 Series two-chamber line
- Reduced resonance over other 40 series mufflers
- Best choice for 6 and 4 cylinder applications with space limitations
- Stainless steel 409S version backed by lifetime warranty
- Features advanced two-chamber design & Delta Flow technology
- Available in aluminized steel or 409S Stainless for harsh weather
- Both styles are fully MIG-welded for maximum durability

« MULTI-TASKING MUFFLER »

The versatile 40 Series Delta Flow muffler works great on not only V8 cars and trucks, but on 4 and 6 cylinder engines as well. This is a great alternative to the 60 series muffler often used with these smaller displacement engines because of the wide variety of offset configurations available.
