

60 SERIES

DELTA FLOW MUFFLERS

MODERATE EXTERIOR SOUND LEVEL
MINIMAL INTERIOR RESONANCE

Flowmaster 60 Series Mufflers feature Delta Flow Technology to increase horsepower and torque in most four and six cylinder vehicles. These large case, short design mufflers have shown significant improvements in mileage, helping to save fuel on many commuter vehicles, the mellow tone making for a pleasant and quiet driving experience. Constructed of 16-gauge aluminized steel and fully MIG-welded for maximum durability.

- A favorite with import and sport compact owners
- Best when matched for four and six cylinder engines
- Features significant sound control with short, large case design
- Great for rear vehicle placement where space is limited
- Mellow, quiet tone is great for daily driven vehicles
- Delivers improved vehicle mileage – a major benefit

« DEEP TONE
 « NO DRONE

The 60 Series mufflers deliver a deep tone on smaller displacement engines and help reduce interior resonance in applications where the muffler is mounted near the rear of the vehicle.
