

# 70 SERIES

## BIG BLOCK II MUFFLERS

**MILD-STOCK** **MILD**  
EXTERIOR SOUND LEVEL INTERIOR RESONANCE

The 70 Series Big Block Muffler uses a longer case for increased volume and added sound reduction that will still fit many applications where the wider 50 Series Big Block muffler won't fit. The 70 Series Big Block utilizes Flowmaster's patented Delta Flow Technology for maximum efficiency and minimum interior resonance. The 70 Series mufflers are perfect for high performance street cars, most trucks, SUV's, RVs and tow vehicles that require quiet operation with improved sound.

- Best suited for truck applications – quiet operation!
- Features three-chamber, Delta Flow Technology
- Constructed of 16-gauge aluminized steel
- Fully MIG-welded for maximum durability
- Covered by three year warranty

## « QUIET SOUND OF PERFORMANCE

Cool, custom truck or daily driver, the 70 Series big block mufflers are the quietest mufflers we offer and designed originally for trucks. Despite this being their most popular usage, 70 series mufflers have been used on extreme racing applications where high horsepower engines demand a muffler with a large sound cancellation chamber with no loss of power or torque. Our 70 Series Big Block Mufflers truly can tame a wild beast!
