LAMINAR FLOW MUFFLERS

MODERATE
EXTERIOR SOUND LEVEL

MINIMAL
INTERIOR RESONANCE

A Sound Alternative from Flowmaster! The perfect choice for a variety of vehicle styles and engine applications, Flowmaster's dBX mufflers utilize cutting edge laminar flow technology drawn from both the HP2 and Pro Series muffler lines to provide maximum performance and deliver a sound quality like no other. The key to its superior performance and smooth refined tone is the patented core design, which delivers maximum exhaust efficiency, while at the same time minimizing the interior drone that is associated with other performance mufflers.

- Laminar Flow muffler technology
- 304 stainless steel exterior casing
- 409S internal materials
- Limited lifetime warranty to original purchaser
- Low exterior heat via Cool Shell Technology
- Overall reduced exterior sizing for easy fitment

dbx series

409S[®] Stainless Steel

PART #	IN / OUT
12014310	2.00" / 2.00"
12414310	2.25" / 2.25"
12514310	2.50" / 2.50"
13014310	3.00" / 3.00"

« PRO COMPACT EXPERTS AGREE »

While the dBX muffler can handle most racing conditions, it is a great performing muffler on street-driven vehicles where under-chassis space is limited – as Ferdie Ang, drift and rally racing champion, can attest. Says Ang, “The Flowmaster dBX sounds AWESOME and they flow well!”
